- the right to the "rainbow" colours.

Furthermore, the UCI may enter into a contract with a sponsor for the supply of vehicles or other equipment for the World Championships. In that case, the National Federations shall be obliged to use these suppliers exclusively.

9.1.003 Races for the allocation of the World Champion title may be distributed over several separately organised events. The Management Committee shall set the number and the programme of such events. Each of those events shall be called "World Championships" qualified by a particular indication determined by the Management Committee depending on the particular speciality ("Road", "Mountain-Bike", etc.)

Allocation of organisation

9.1.004 The UCI shall entrust the organisation of World Championships to one UCI member National Federation or, with the agreement of the National Federation of the country where the Championship will take place, to some other organiser.

9.1.005 An organisational guide has been prepared by the Management Committee for each World Championship. It will be sent to any National Federation that actually requests it.

9.1.006 Application to organise a World Championship implies that the applicant will, if selected, accept all the terms of the organisational guide and the commitment to organise the World Championships in accordance with all the provisions applicable thereto and under the exclusive responsibility of the applicant National Federation.

UCI CYCLING REGULATIONS

9.1.008 The application shall reach UCI Headquarters at least three years before 1 January of the year on which the Championships at issue are to be held.

9.1.009 The UCI shall allocate the organisation of the World Championships at its sole discretion.

The Executive Committee will make a preselection of the candidates that it deems the most appropriate for guaranteeing a high level organisation and will submit these candidates to the Management Committee.

The Management Committee will seek a consensus.

Failing a consensus, a vote will be held. A secret ballot will be held upon request of any member.

In the event of a consensus to reject a candidate, such candidate shall not take part in the vote.

If more than two candidates remain, a further vote will be held among the candidates which have obtained the largest number of votes in the first round. If two candidates are tied for the second place in the first round, a further vote will be held among the candidates placed first and second, until only two candidates remain.

The organisation of the World Championships will be allocated on condition that full agreement exists concerning the organisation contract, or any other condition specified by the Management Committee.

(text modified on 1.01.04).

9.1.010 If the Executive Committee considers:

- that the conditions stated in the contract or the organisational guide have not been met, or
- that the state of preparation for the championships does not guarantee that the event will be properly organised or will be of sufficient quality, or
- that serious or unforeseen circumstances exist and will jeopardize the organisation of the championships,

the Executive Committee may cancel or withdraw the right to organise the championships, without any compensation for the parties concerned. The Executive Committee may take any decision it deems appropriate to allocate the organisation of the championships to another organizer.
